

500KW mf induction heater quench D50cm steel pipe with 4 meters long horizontal lathe

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering, induction melting and induction surface treatment applications
<http://www.uihm.com>

horizontal lathe is much more complex than vertical lathe, but heat such big pipe with vertical lathe, it will be too dangerous, that's why we build a horizontal one.
