

UHF induction heater for brazing aluminum parts

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications
<http://www.uihm.com>

UM-05AB-UHF is good for brazing tiny sample or aluminium parts, higher frequency will bring a faster heating speed.
